

Yealink CP960-UVC30 Zoom Rooms Kit

For Huddle and Small Rooms

The Yealink CP960-UVC series of video solution is designed for immersive (intelligent) Zoom meetings in various sizes meeting rooms. The CP960-UVC series is a bundle video solution that includes everything you need to seamlessly and smartly meet, connect and collaborate with internal and external users. The CP960-UVC series delivers premium audio and video quality thanks to its Yealink audio devices and UVC series of cameras. Featuring Yealink HD audio and Noise Proof technology, everyone's voice in the room can be heard clearly. In addition, Yealink's complete solution provides users with a flexible deployment that adapts to your specific room layout. This solution gives organizations a native and easy Zoom Rooms meeting experience.

Yealink CP960-UVC30 Zoom Rooms Kit includes an UVC30 ultra HD 4K camera with auto framing feature and a CP960 uniting microphones, speaker and meeting console all in one, which makes it perfectly suitable for huddle and small meeting room.

Key Features and Benefits

Native Zoom Rooms Experience

In partnership with Zoom, the Yealink video solution CP960-UVC30 Zoom Rooms Kit come fully integrated with Zoom Rooms and include pre-installed Zoom Rooms software. It delivers premium audio and video quality thanks to the combination of the Yealink CP960 Conference Phone and Yealink's UVC cameras, which work in tandem to provide users a native Zoom Rooms experience.

Premium Audio and Video Meeting Experience

UVC30 is Yealink's new generation ultra HD camera with 120° field-of-view lens that supports 4K/30FPS video calls to enhance your business discussion as much as possible. Featuring auto framing, UVC30 free users from doing the PTZ control, always provide a best picture during the meeting. For audio experience, featuring a built-in three-microphone array, the Yealink CP960 Conference Phone ensures a 360-degree voice pickup range with up to a 20-foot (six-meter) radius. Thanks to Yealink Noise Proof Technology, background noise is minimized so that everyone in the room can be heard clearly.

Simple to Deploy, Easy to Use

Yealink one-cable technology eliminates the need for a traditional USB cable from the television area to the conference table area, greatly simplifying deployment. The Yealink CP960 Conference Phone further declutters the conference area by uniting microphones, speaker and meeting console into a single package. When serving as a meeting console, the five-inch multi-touch screen display allows users to join the meeting, add participants, adjust volume and control the PTZ (Pan, Tilt, Zoom) of the camera, making meeting management a snap.

Package Content
