

Zoom Rooms System for Small and Medium Rooms

The Yealink CP960-UVC series of video solution is designed for immersive (intelligent) Zoom meetings in various sizes meeting rooms. The CP960-UVC series is a bundle video solution that includes everything you need to seamlessly and smartly meet, connect and collaborate with internal and external users. The CP960-UVC series delivers premium audio and video quality thanks to its Yealink audio devices and UVC series of optical PTZ cameras. Featuring Yealink HD audio and Noise Proof technology, everyone's voice in the room can be heard clearly. In addition, Yealink's complete solution provides users with a flexible deployment that adapts to your specific room layout. This solution gives organizations a native and easy Zoom Rooms meeting experience.

UVC50 is 5x optical zoom PTZ camera, supports 1080P/60FPS video calls to make your business discussion be as life-like and interactive as possible. CP960 uniting microphones, speaker and meeting console all in one. All combine to make CP960-UVC50 one of the perfect solution for the small and medium meeting rooms.

Key Features and Benefits

Total Device Package Offer

Yealink delivers a complete Zoom Rooms package containing a full hardware suite (mini-PC, camera, audio devices) as well as the requisite software and license, simplifying the purchasing process and deployment while making the after-sales service experience more convenient than ever.

Premium Audio and Video Meeting Experience

Optimized for small and medium meeting rooms. Yealink UVC50 creates a lifelike communication by capturing all meeting participants on screen. Its wide-angle lens brings everyone in view without adjusting the camera. Featuring 1080P/60FPS resolution, UVC50 offers HD video and crystal clear audio, making video conferencing as natural as communication should be. With a sleek and compact design, CP960-UVC50 creates simple deployment and fits easily on TV, making your teamwork more productive and effortless.

Simple to Deploy, Easy to Use

Yealink one-cable technology eliminates the need for a traditional USB cable from the television area to the conference table area, greatly simplifying deployment. The Yealink CP960 Conference Phone further declutters the conference area by uniting microphones, speaker and meeting console into a single package.

Manage Your Devices Remotely

Yealink Device Management Platform or cloud service can manage the Yealink CP960-UVC Zoom Rooms Kits, allowing administrators to remotely control devices with ease. The platform supports remote configuration, firmware upgrading, monitoring and diagnosis. Through Windows Update, users can get the latest version of the UVC camera driver and Yealink Plug-in for Zoom Rooms, further enhancing the user's Zoom Rooms experience.
